

## How to Request an Eagle Scout Time Extension Due to COVID-19

The BSA National Advancement Team has announced a temporary advancement policy change during the current COVID-19 emergency. Until September 30, 2020, local councils will be authorized to directly grant time extensions to Life Scouts who believe that they will be prevented from completing their Eagle Scout rank requirements before their 18th birthday by the COVID-19 disruptions.

**To submit an application** for a time extension for Eagle rank advancement beyond your 18th birthday, get a copy of the application form (Parts A, B and C), read it carefully, fill it in and sign it. Then make copies and send all three parts to the council office. You can do that in either of two ways:

Send by First Class **Mail** to:  
**Boy Scouts of America**  
**Blackhawk Area Council**  
**ATTN: Eagle Scout Extension**  
**2820 McFarland Rd.**  
**Rockford, IL 61039**

**OR scan** the form (Parts A, B & C) and send it by **email** to:  
**Manny Torres**  
**AdvanceinBAC@outlook.com**  
**with EAGLE SCOUT TIME EXTENSION**  
**in the subject line.**

You will be notified that your request has been received, and the review of your request will be completed as soon as possible. You'll then be notified by email of the disposition of your request. If it is approved, the extension approval certificate you receive must be attached to your Eagle Scout Rank Application form when it is submitted for your board of review.

All applicants will also need to register as adults when they turn 18 to continue their work on Eagle rank requirements beyond that age. Details will be provided on approval of their time extension.

### Steps in the Process

1. With help from your unit, consider your situation carefully to decide whether an extension will likely be needed for you to complete all Eagle rank requirements before your 18th birthday.
2. If so, check your BSA advancement records, preferably using Scoutbook, to be certain that they are all up to date. If not, request that your leaders update your advancement information.
3. Download the online forms for submitting a request for Eagle time extension. Read the instructions carefully to be sure you are eligible to receive an extension, and that **your request is based entirely on a situation caused by COVID-19 disruptions.**
4. After carefully reading the request statement in Part A, enter your identifying and contact information in the blanks below it. At the bottom of that block, sign and date the request.
5. Next, enter information about your remaining requirements and where you are in the process of completing them. List remaining merit badges and completion plans in Part B (use as many copies as needed) and progress on your service project in Part C. Attach those to Part A.
6. You and your unit will be notified that the request has been received, with the date indicated.
7. While your request is being considered, **you should continue to work on any remaining requirements** to the best of your ability consistent with safety and current regulations.
8. The Council Advancement Committee will evaluate your request and decide whether an extension will be granted. This will be done as quickly as resources will allow.
9. A written response will be sent to the you and your unit to inform you whether the extension has been granted. If so, the effective dates of the time extension will be clearly indicated.
10. The written notification that an extension has been granted must be attached to your Eagle Rank Application Form when it is submitted for your Eagle board of review.
11. If the extension is not granted, a clear explanation will be provided, and options explained.

# (A) Request for an Eagle Scout Time Extension Due to COVID-19

To the Blackhawk Area Council Advancement Committee:

I am a Life Scout who is currently registered in this council, and I am concerned that the effects of the COVID-19 coronavirus epidemic will prevent me from completing my advancement to the rank of Eagle Scout before my 18th birthday. I am continuing to work on those requirements that can be completed under the current conditions, but some cannot be done without violating the current health guidelines. I have a clear plan for continuing with those requirements when conditions are favorable again, and I will continue to develop that plan.

I am hereby requesting a time extension to finish my advancement to Eagle rank. I understand that if approved, this extension will allow me up to three months after my 18th birthday to finish all requirements for the Eagle rank (not including the board of review). I have filled out and attached Parts B and C to describe the major requirements of my unfinished merits badges and service project that remain to be completed when conditions will permit.

I also understand that when I turn 18, I will need to register with the BSA as an adult Scouter and to complete Youth Protection Training to continue my advancement under this extension.

Please notify me of the result of this request as soon as possible.

PLEASE PRINT CAREFULLY – ACCURACY MATTERS!

## B Merit Badge Details for Eagle Scout Time Extension Request

In the current epidemic situation, you may have difficulty in passing some of the requirements you need to earn merit badges needed for the Eagle rank. This could be for many reasons, including access to certain areas or equipment, availability of materials, ability to work with other people, or availability of a merit badge counselor.

In the spaces below, enter each merit badge and specific requirement that would likely be difficult to complete in the conditions expected in this epidemic situation, such as isolation from other people and closing of facilities that that would normally be available. Briefly explain how these situations can be expected to prevent you from passing those needed requirements.

Also estimate how much extra time is likely to be needed when conditions improve.

Use as many copies of part B as you need to explain these serious merit badge barriers.
